Savings Plan Exchange Offer Guide

In September 2018, an initial public offering of approximately 19.8% of Elanco Animal Health Incorporated (“Elanco”) common stock was completed. Eli Lilly and Company (“Lilly”) retained the remaining outstanding shares of, and a controlling stake in, Elanco. Pursuant to the Prospectus, dated February 8, 2019 (the “Prospectus”), Lilly is offering holders of its common stock, (“Lilly common stock”) the opportunity to exchange (the “exchange offer”) shares of Lilly common stock for shares of common stock of Elanco (“Elanco common stock”) owned by Lilly.

As a participant holding Lilly common stock in The Lilly Employee 401(k) Plan, The Elanco US Inc. 401(k) Plan or The Savings Plan for Lilly Affiliate Employees in Puerto Rico (each, a “Plan” and collectively, the “Plans”), you are eligible to participate in the exchange offer. This means you will have an opportunity to exchange all or a portion of your Lilly Stock Fund Units held in the Plan for Elanco Stock Fund Units, as further described in the Prospectus, the Notice to Participants, and this guide.

The Elanco Stock Fund is only available through this exchange offer and will be an investment option in the Plans only for a short period of time. The Plan provides, effective on or about December 11, 2019, that the Elanco Stock Fund will be eliminated as an investment fund under the Plan and the Elanco stock attributable to the Elanco Stock Fund will be liquidated.

At that time, any Elanco Stock Fund Units still in your Plan account will be reinvested into the Plan’s Qualified Default Investment Alternative (“QDIA”) fund, which is the appropriate target date portfolio based on the year you turn 60 years old.

Key Terms to Know

- **Exchange Offer:** Offer to exchange shares of Lilly common stock for shares of Elanco common stock, pursuant to the terms of the enclosed Prospectus and Notice to Participants.
- **Blackout Period:** If you choose to participate in the exchange offer, the Blackout Period is the period in which any **outgoing** transfers from the Lilly Stock Fund held in the Plan are not permissible, and the period in which any loans, withdrawals or other distributions from the Plan are not permissible.

During the Blackout Period, participants of The Lilly Employee 401(k) Plan and The Savings Plan for Lilly Affiliate Employees in Puerto Rico will be able to make new contributions or transfers **into** the Lilly Stock Fund, however, these units would not be included in the exchange offer and will remain in the Lilly Stock Fund.

If you do not elect to participate in the exchange offer, the Blackout Period does not apply to you.

- **Exchange Ratio:** The number of shares of Elanco common stock that will be exchanged for each share of Lilly common stock accepted in the exchange offer.
- **Unitized Stock:** Similar to a mutual fund, a unitized stock fund invests not only in stock offered by an organization but also cash and short-term investments, in order to facilitate daily transactions such as fund transfers or distributions. When stock is unitized, it is expressed in unitized shares or units instead of shares. The Lilly Stock Fund in the Plan holds unitized shares of Lilly common stock, and the new Elanco Stock Fund in the Plan will hold unitized shares of Elanco common stock.

ABOUT THE EXCHANGE OFFER

Eligible Savings Plans

You have received these materials in the mail because our records indicate you participate in the Lilly Stock Fund in one or more of the following Plans:

- The Lilly Employee 401(k) Plan (“Lilly 401(k) Plan”)
- The Elanco US Inc. 401(k) Plan (“Elanco 401(k) Plan”)
- The Savings Plan for Lilly Affiliate Employees in Puerto Rico (“Lilly Puerto Rico Savings Plan”)

The Lilly Stock Funds in the above plans are eligible for the exchange offer.

For avoidance of doubt, the following plans are not eligible for the exchange offer:

- The Lilly Excess Savings Plan
- The Excess Savings Plan (GAP Savings) for Eli Lilly Affiliate Employees in Puerto Rico

For any Lilly common stock you hold as a registered stockholder or in a brokerage account that is managed separately, you will receive separate information with instructions on the exchange offer for those holdings.

Making an Election to Exchange

If you decide to participate in the exchange offer, you must provide your election to Computershare Trust Company, N.A. (“Computershare”), the firm that will collect and tabulate participant elections for the Plan Trustee, either online at www.lillyexchange.com or by mail so that it is **received by 4:00 p.m.** New York City time on the day immediately preceding the date on which the expiration of the exchange offer will occur (the “Plan Deadline,” and such date, the “Plan Deadline Date”), which, if the exchange offer is not extended or terminated, is currently expected to be March 7, 2019. You may choose the percentage (a whole percentage of 1-100%) of your Lilly Stock Fund Units in the Plan you would like to exchange through the exchange offer. That percentage will be applied to the number of Lilly Stock Fund Units held in your Plan account (whether those Lilly Stock Fund Units are vested or unvested under the Plan terms) as of the closing of regular trading on the New York Stock Exchange on the Plan Deadline Date, regardless of when you submit your exchange offer election (as long as your election is received in good order and by the required deadline). Any money credited to your Plan account and invested in the Lilly Stock Fund after such time will not be included in the exchange offer calculation.

If you participate in more than one Plan and invest in the Lilly Stock Fund under more than one Plan, you will receive a separate election form for each Plan. You may elect to exchange Lilly Stock Fund Units in all Plans in which you participate, only one Plan or none of the Plans. If you decide to participate, please be sure to complete the correct election form(s).

There will be no fee charged for participating in the exchange offer.

Participation in the Exchange Offer

The Northern Trust Company (the “Plan Trustee”) is the trustee for the Plans. During the exchange offer period, you may instruct the Plan Trustee to exchange your Lilly Stock Fund Units for Elanco Stock Fund Units.

It is the Plan Trustee’s role to act on behalf of Plan participants throughout the exchange offer. The Plan Trustee will follow your instructions unless the Plan Trustee determines that to do so would be inconsistent with their duties under applicable laws. In the event the Plan Trustee chooses not to proceed with participating in the exchange offer, you will not receive Elanco Stock Fund Units in the Plan. Only the Plan Trustee of the Plan may exchange the shares of Lilly common stock held in the Plan.

If you would like to exchange your Lilly Stock Fund Units, you may direct the Plan Trustee to do so by making your election with Computershare, who will collect and tabulate participant elections for the Plan Trustee.

Changing or Withdrawing an Election to Exchange

If you decide to change your election, you may submit a new election to Computershare, either online or by mail so that it is **received by** the Plan Deadline. Upon receipt of a new, properly completed election (for any whole percentage, including 0%, of Lilly Stock Fund Units to be exchanged), your previous election instructions will be cancelled. The last properly completed election timely received by Computershare will apply.

To withdraw your last properly completed election entirely, causing it to be cancelled, you may either (i) submit a new Election Form to Computershare with a 0% election, either online or by mail, as set forth in the Election Form, so that it is received by the Plan Deadline or (ii) provide your properly completed Withdrawal Form to Computershare by mail so that it is **received by** the Plan Deadline. If your properly completed Election Form with a 0% election or your properly completed Withdrawal Form is timely received, you will not participate in the exchange offer through the Plan and your Plan account will not be credited with any Elanco Stock Fund Units in connection with the exchange offer.

If you submit an election form for more than one Plan and later wish to change or withdraw your election, you will need to follow the instructions for changing or withdrawing your election, as described above, for each Plan.

Please see the attached Election Forms and Withdrawal Forms for additional information. Additional Election Forms and Withdrawal Forms may be obtained by calling Georgeson, the information agent for the exchange offer, at 1-800-676-0194 (if calling from within the U.S.) or 1-781-575-2137 (if calling from outside the U.S.).

If you wish to take action, please do so as far in advance of any deadline as possible. Volume typically increases near the deadline, and your election, change or withdrawal may not be processed by Computershare if volume is unusually high or if there are technical difficulties. Please also consider making any elections, changes and particularly withdrawals online due to the unpredictable timing involved with mail delivery.

Blackout Period

If you elect to participate in the exchange offer through the Plans, your account will need to be restricted for a period of time for processing. This “Blackout Period” will begin at the close of regular trading on the New York Stock Exchange (typically 4:00 p.m. New York City time) on the Plan Deadline Date. Beginning at that time, no investment transfers out of the Lilly Stock Fund will be processed. During the Blackout Period, you will not be able to request a loan, in-service withdrawal or distribution from your Plan account. Money that is credited to your account (for example, from contributions, loan repayments or investment changes) during the Blackout Period will be invested according to the investment election on file for you at that time.

If you do not elect to participate in the exchange offer or if you submit a properly completed withdrawal of your most recent exchange election to Computershare that is received by the Plan Deadline, the Blackout Period will not apply to your Plan account.

The Blackout Period will be lifted (and loans, in-service withdrawals and distributions will become available in accordance with the usual Plan rules) once processing related to the exchange offer is completed, which is expected to be during the week of March 13, 2019.

You may find out when restrictions have been lifted and when the Blackout Period has ended by visiting benefitscenter.lilly.com or by calling the Lilly Benefits Center at 1-800-472-4720 (if calling from within the U.S.) or 1-847-883-0427 (if calling from outside the U.S.).

If the exchange offer is extended by Lilly as described in the Prospectus, the Blackout Period may be extended. If administratively feasible, the blackout may also be temporarily lifted for an interim period of time. If the exchange offer is extended, the revised Blackout Period dates will be posted online at benefitscenter.lilly.com, provided by calling the Lilly Benefits Center at 1-800-472-4720 (if calling from within the U.S.) or 1-847-883-0427 (if calling from outside the U.S.), and communicated to you to the extent practicable. Please refer to the Notice to Participants for further information about the Blackout Period.

It is important you review and consider the appropriateness of your current investments beforehand, in light of your inability to direct or diversify those investments during the Blackout Period if you elect to participate in the exchange offer. For your long-term retirement security, you should also give careful consideration to the importance of a well-balanced and diversified investment portfolio taking into account all of your assets, income, and investments. Whether or not you are planning retirement in the near future, we encourage you to carefully consider how this Blackout Period may affect your retirement planning as well as your overall financial plan.

- 4. Why am I being given this opportunity to participate in the exchange offer for Elanco common stock?**

All holders of Lilly common stock are being offered the opportunity to exchange shares of Lilly common stock for shares of Elanco common stock pursuant to the exchange offer. As a participant in the Plan with a balance in the Lilly Stock Fund, you are eligible to participate in the exchange offer and make an election to direct the Plan Trustee via Computershare to exchange all or a portion of your Lilly Stock Fund Units for Elanco Stock Fund Units.

The eligible Plans include:

- The Lilly Employee 401(k) Plan
- The Elanco US Inc. 401(k) Plan

- The Excess Savings Plan (GAP Savings) for Eli Lilly Affiliate Employees in Puerto Rico.

5. Will I be charged any fees or commissions if I participate in the exchange offer?

There will be no fee charged for participating in the exchange offer.

6. If I submit an Election Form, when will my percentage election be applied to my Plan account?

Your election will be calculated based on your balance in the Lilly Stock Fund at the close of regular trading on the New York Stock Exchange (typically 4:00 p.m., New York City time) on the Plan Deadline Date, **and based on the last completed election form timely received**, regardless of when your Election Form is received (as long as your form is received in good order and by the required deadline).

As a reminder, if you elect to participate in the exchange offer, your Plan account will be restricted during the Blackout Period.

7. Will payroll contributions during the exchange offer period be included as part of the exchange?

Lilly 401(k) Plan and Lilly Puerto Rico Savings Plan Participants: Yes, any payroll contributions, dividend payments, and employer match contributions made before the Plan Deadline Date into the Lilly Stock Fund will be included in the exchange offer calculation.

Elanco 401(k) Plan Participants: You will not be allowed to make any new contributions to the Lilly Stock Fund other than dividend payments.

8. I hold shares of Lilly common stock outside of the Plan. Can I exchange those shares through this process?

If you hold shares of Lilly common stock in any other type of account outside of the Plan (for example, a brokerage account) and wish to tender those shares, you will be required to complete a separate election with the institution where these shares of Lilly common stock are held. Please refer to the Prospectus for further information.

Please note shares granted in the recent Lilly Shares program are not eligible for the exchange offer as they do not vest until January 2022.

9. Can I withdraw or change my exchange offer election?

If you decide to change your election, you may submit a new Election Form to Computershare, either online or by mail, as set forth in the Election Form, so that it is received by the Plan Deadline. Upon receipt of a new, properly completed election (for any whole percentage, including 0%, of Lilly Stock Fund Units to be exchanged), your previous election instructions will be cancelled. The last properly completed Election Form timely received by Computershare will apply.

To withdraw your last properly completed election entirely, causing it to be cancelled, you may either (i) submit a new Election Form to Computershare with a 0% election, either online or by mail, as set forth in the Election Form, so that it is received by the Plan Deadline or (ii) provide your properly completed Withdrawal Form to Computershare by mail, as set forth in the Withdrawal Form, so that it is received by the Plan Deadline. If your properly completed Election Form with a 0% election or your properly completed Withdrawal Form is timely received, you will not participate in the exchange offer through the Plan and your Plan account will not be credited with any Elanco Stock Fund Units in connection with the exchange offer.

If you submit an Election Form for more than one Plan and later wish to change or withdraw your election, you will need to submit a separate Election Form or Withdrawal Form for each Plan.

The last validly received form will be used to instruct the Plan Trustee.

10. Is it possible the exchange offer may not complete?

Yes. Lilly is not required to complete the exchange offer unless certain conditions, as specified in the Prospectus, are satisfied.

Also, if the Plan Trustee for the Plan determines that to participate in the exchange offer would be inconsistent with its duties under applicable laws, the Plan Trustee may choose, on behalf of all Plan participants, not to participate in the exchange offer.

11. Can I participate in the exchange offer if I purchase Lilly Stock Fund Units after the tender offer has started?

Only Lilly 401(k) Plan and Lilly Puerto Rico Savings Plan participants will be able to purchase Lilly Stock Fund Units after January 1, 2019. If you have a balance in the Lilly Stock Fund in any such Plan before the Plan Deadline, you will be eligible to participate in the exchange offer.

If you do not elect to participate in the exchange offer and are otherwise eligible to take a distribution, you may elect to take a partial or full distribution of your Plan balance, subject to the requirements of the Plan.

13. Can I take a loan or hardship withdrawal from my Plan?

If you elect to participate in the exchange offer, you will not be permitted to take a loan or hardship withdrawal from the Plan during the Blackout Period. After the Blackout Period ends, you can request a loan or hardship withdrawal if you are otherwise eligible.

14. How will auto-rebalancing of assets within my Plan be impacted during and after the Blackout Period?

If you elect to participate in the exchange offer, any auto-rebalancing election you have made will be turned off **at the start of** the Blackout Period. You will be able to turn the auto-rebalancing feature back on once you no longer have an Elanco Stock Fund balance in your Plan. If you do not elect to participate in the exchange offer, any auto-rebalancing election you have made will not be affected.

<p>16. Will my Plan account balance change during the Blackout Period?</p>	<p>Yes. Your account balance will remain invested and will be subject to investment gains and losses during this period. Additionally, your balance may also change due to any new contributions made to your Plan account and dividend payments during the Blackout Period.</p> <p>Note that if you do not elect to participate in the exchange offer, the Blackout Period does not apply to you.</p>
<p>17. If I elect to exchange 100% of my Lilly Stock Fund Units, is it possible to have a balance in a Lilly Stock Fund after the exchange?</p>	<p>Yes, your exchange offer election will be calculated based on your balance in the Lilly Stock Fund at the close of regular trading on the New York Stock Exchange (typically 4:00 p.m., New York City time) on the Plan Deadline Date. Therefore, if there is a dividend payment, or if you make new contributions or transfer into the Lilly Stock Fund after this deadline (e.g., through payroll contributions), this amount would not be included in the exchange offer and will remain in the Lilly Stock Fund. Note that Elanco 401(k) Plan participants will not be allowed to make any new contributions to the Lilly Stock Fund.</p> <p>Please keep in mind other factors may influence the results of the exchange offer and your Lilly Stock Fund balance.</p>
<p>18. How much of my balance in the Lilly Stock Fund can be exchanged?</p>	<p>You may elect to exchange all or a portion of your balance in the Lilly Stock Fund into the new Elanco Stock Fund.</p> <p>On your Election Form, you may choose the percentage (a whole percentage of 1-100%) of your Lilly Stock Fund Units in the Plan you would like to exchange through the exchange offer. That percentage will be applied to the number of Lilly Stock Fund Units held in your Plan account (whether those Lilly Stock Fund Units are vested or unvested under the Plan terms) as of the closing of regular trading on the New York Stock Exchange on March 7, 2019, regardless of when you submit your exchange offer election (as long as your election is received in good order and by the required deadline).</p>

19. Can I exchange the unvested portion of the Lilly Stock Fund in my Plan?	Yes. Any unvested portion of your Lilly Stock Fund under the Plan is eligible for the exchange offer and will be included in any exchange offer election you make for the Plan.
20. If I have a Lilly Stock Fund balance in more than one eligible plan, can I make one exchange offer election that applies to all?	<p>No. You will need to make a separate election with respect to each Plan in which you participate (Lilly 401(k) Plan, Elanco 401(k) Plan, or Lilly Puerto Rico Savings Plan). Any shares of Lilly common stock held outside of the Plan will also require a separate election. You should receive separate exchange offer materials for each Plan that you participate in and for any external accounts for which you hold shares of Lilly common stock.</p> <p>For example, if you have a balance in the Lilly Stock Fund within the Lilly 401(k) Plan and Lilly Puerto Rico Savings Plan and you would like to exchange 50% of your total Lilly Stock Fund holdings in both plans, you would need to complete separate Election Forms for the Lilly 401(k) Plan and Lilly Puerto Rico Savings Plan and offer 50% of your Lilly Stock Fund Units in each.</p>
21. Where can I find my current Lilly Stock Fund balance?	<p>Visit benefitscenter.lilly.com to review your Plan balance, including any current balance in the Lilly Stock Fund.</p> <p>You can also contact the Lilly Benefits Center at 1-800-472-4720 (US) or 1-847-883-0427 (outside the U.S.). Representatives are available Monday through Friday from 9:00 a.m. to 5:00 p.m., New York City time.</p>
22. Why does the Plan reference units of Lilly common stock rather than shares?	The Lilly Stock Fund is a unitized stock fund. Similar to a mutual fund, a unitized stock fund invests not only in stock offered by an organization, but also in cash and short-term investments to facilitate daily transactions such as investment transfers or distributions. When stock is unitized, it is expressed in unitized shares or units instead of shares.
23. What happens if I change my holdings in the Lilly Stock Fund during the exchange offer period?	<p>Exchange offer elections will be calculated based upon the amount of your existing balance in the Lilly Stock Fund at the close of regular trading on the New York Stock Exchange (typically 4:00 p.m., New York City time) on the Plan Deadline Date.</p> <p>For example, if you are a Lilly employee and transfer funds within your Plan account into the Lilly Stock Fund on the day before the Plan Deadline Date, or a contribution is posted to your account on this day, the additional balance in the Lilly Stock Fund would be included in the exchange offer (provided you have an exchange offer election on file and in good order by the Plan Deadline).</p>

24. What happens to my Lilly Stock Fund balance if I do not elect to participate in the exchange offer?	<p>If you do not make an election to exchange your interest in the Lilly Stock Fund, your existing balance will remain, subject to market gains and losses.</p> <p>You will not receive Elanco Stock Fund Units or be eligible to invest in the Elanco Stock Fund within your Plan.</p>
25. Is it possible I may not be able to exchange the full number of Lilly Stock Fund Units I requested?	<p>Yes. Lilly may limit the number of shares of Lilly common stock it accepts through a proration process, in which case you may not receive the full number of units you requested.</p> <p>Any Lilly Stock Fund Units that are not exchanged will remain in your Lilly Stock Fund account.</p>
26. What happens if I elect to participate in the exchange offer but have a zero balance in the Lilly Stock Fund?	<p>If you elect to participate in the exchange offer but have a zero balance in the Lilly Stock Fund at the close of regular trading on the New York Stock Exchange (typically 4:00 p.m., New York City time) on the Plan Deadline Date, then you will not receive units of the Elanco Stock Fund.</p>

- After all processing related to the exchange offer is completed, which is expected to be on or around the week of March 13, 2019, you will be able to sell or exchange your Elanco Stock Fund Units until the Elanco Stock Fund is eliminated as an investment fund under the Plans on or around December 11, 2019. - 32. By electing to exchange my Lilly Stock Fund Units, will I be guaranteed Elanco Stock Fund Units?**
- No. The Plan Trustee will make the final exchange decision, which may override your individual election. The Plan Trustee will follow your instructions unless the Plan Trustee determines that to do so would be inconsistent with its duties under applicable laws. In the event the Plan Trustee chooses not to proceed, you will be notified and you will not receive Elanco Stock Fund Units in the Plan.
- In addition, depending on the final Exchange Ratio and the number of shares of Lilly common stock tendered in the exchange offer, Lilly may choose to limit the number of shares it accepts through a proration process, so you may receive fewer Elanco Stock Fund units than you anticipate.

ELANCO STOCK FUND DESCRIPTION FOR THE SAVINGS PLAN

Objective: Seeks to invest in an individual non-employer company stock fund, providing performance in line with the performance of the underlying non-employer company stock.

Strategy: Normally invests primarily in the stock of Elanco Animal Health Incorporated, as well as in short-term investments. Your ownership is measured in units of the fund instead of shares of stock. The fund pools your money with that of other employees to buy shares of stock in Elanco Animal Health Incorporated, and an amount of short-term investments designed to allow you to buy or sell without the usual trade settlement period for individual stock transactions. The amount of short-term investments is based upon a target established by the plan sponsor, but the actual amount of short-term investments on any given business day will vary with the amount of cash awaiting investment and with participant activity in the fund (contributions, redemptions, exchanges, withdrawals, etc.). The value of your investment will vary depending on the performance of the Elanco Animal Health Incorporated, the overall stock market, and the performance and amount of short-term investments held by the fund, less any expenses accrued against the fund.

Risk: If you invest a significant portion of your retirement savings in any one company or industry, your savings may not be properly diversified. Although diversification is not a guarantee against loss, it can be an effective strategy to help you manage investment risk. This is neither a mutual fund nor a diversified or managed investment option. Investing in a non-diversified single stock fund involves more risk than investing in a diversified fund. On days of unexpectedly heavy outflows, the fund may not have enough short-term investments for liquidity. If that happens, requests to sell units received by The Lilly Benefits Center before the market close on a business day may not be processed on that day. In that case, requested sales of units will be suspended and, as liquidity is restored, suspended transactions will be processed, generally on a first-in-first-out basis, at the closing price for the processing date. In unusual circumstances, the fund may be closed to purchases or sales. As with any stock, the value of your investment may go up or down depending on how the company's stock performs in the market. Unit price and return will vary.

This investment option is a unitized company stock fund. This description is only intended to provide a brief overview of the fund.

To help achieve long-term retirement security, you should give careful consideration to the benefits of a well-balanced and diversified investment portfolio. Spreading your assets among different types of investments can help you achieve a favorable rate of return, while minimizing your overall risk of losing money. This is because market or other economic conditions that cause one category of assets, or one particular security, to perform very well often cause another asset category, or other particular security to perform poorly. If you invest more than 20% of your retirement savings in any one company or industry, your savings may not be properly diversified. Although diversification is not a guarantee against loss, it is an effective strategy to help manage your investment risk.

This investment option is not a mutual fund.
